

COVID-19

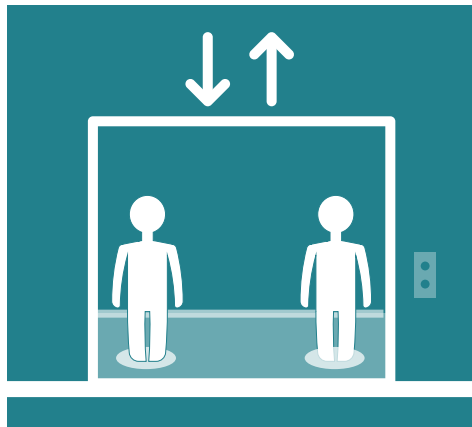

Physical Distancing on Elevators

Help prevent the spread of germs and protect yourself from COVID-19 and other respiratory viruses.

Keep 2 metres or 6 feet apart.

Maintain safe distancing on elevators.

Avoid touching surfaces directly.

- Keep 2 metres or 6 feet apart from others.
- Limit 2 people per elevator.
- Avoid direct contact with high-touch surfaces, such as elevator buttons and handrails; wash or disinfect your hands before entering and after leaving the elevator.
